The Supervisors discussed possible sites for Bituminous Seal Coat this year and the joining of the Delaware Township Buying COG. The COG was used in 2016 not 2017. Penn Dot rep Jon Wilson has suggested that this program gives more buying power and lower prices to municipalities and encouraged joining this year. Fred Elder motioned to join the Delaware Township COG for a Seal Coat Bid with Resolution 022018, Fairlamb 2nd. Bids must be in by March 5th, 2018 no extensions to the deadline will be available this year.

A program from Walsh Equipment for renting equipment was presented, the Supervisors had interest in this for a project on widening Stock Farm Road. This project is to finish the black

top done by Hawbaker in 2017. A dump truck with a side door for product distribution may need, Jackson Township may be willing to lend or rent the Township for this. Mr. Elder would contact them for information on this.

Bills paid and approved

Chairman Elder presented information from Solicitor Watson on additional abandonment on Steckler Road including the Cartway. Mr. Watson felt that a discription clarification needed to be recorded with an updated Survey as the one recorded did not have current boundry owners.

Meeting was adjourned at 9:15pm.

Respectfully,

Deanna L Yarnell
