***MINUTES TO THE December REGULAR MEETING WERE CORRECTED AND APPROVED BY A MOTION FROM Elder. AND A 2ND BY Fairlamb .**

MEETING DAY 2ND MONDAY OF MONTH AT 8:00 PM motion by Fairlamb 2nd by Elder.

Mrs. Yarnell and Supervisors discussed finding a new Emergency Management Coordinator. All agree that the position has evolved from when she first took things on. Getting someone to help with attending meetings, mandatory reports and training would greatly help. All agreed.

Chairman Elder would like phone quotes for limestone for the February 13, 2023 meeting. Other bids like mowing will be advertised at a later meeting.

Road projects for upcoming year were discussed, as well as several complaints about Lyons and Lake Hill roads. Weather being unusually warm has made road conditions worse and repairs temporary, Chairman Elder and road crew will bring limestone in and drag bad areas to help. Other options are needed but will need to be done after the spring thaw.

Possible Tar and Chip roads for the Delaware COG project are Skunk Run, South Vernon and Coulson.

Bills where approved and paid

MEETING ADJOURNED 10:05PM

Deanna L Yarnell
