McCullough's do not want to give right away to the Township to cross the two hundred feet for the power company to run electric to the Jack Jones Memorial Complex. The last estimate was brought down to \$3,500 if brought in from McCullough's. If service is brought in from Rt 845 Stoneboro Lateral, it will be thousands of dollars and not affordable for the Township. Chairman Elder is going to meet with the McCullough's again to see if an agreement can be worked out.

Seddon's Well Service has mapped out the well site and will start drilling soon.

Road completion was signed and sent tp designated parties- see file

Road work on and tar and chip completed on Steckler Road, Ellis Road and Coulson Road.

Bills were approved and paid.
Meeting was adjourned at 10:05 PM
