Secretary Report:

The equipment grant application will not be open until June 2025. Gannett and Flemming have been contacted about writing this grant for us. They informed me that this grant is not awarded

every year and that we should not count on it to pay for a new truck this year. Supervisor Elder has been reaching out to different vendors and the current Ford 350 will not pass inspection and needs replaced this year. The Supervisors talked about financing, and I suggested First National has a special finance program for equipment. Supervisor Elder did not want to go this route yet. More information is needed.
