The Multimodal grant for BillyBoyd/Canon Roads had several more letters of support this time around than last. If this grant is not awarded the Supervisors feel other options such as the cement apron and blacktop, a less expensive option should be don't to alleviate the mud being drawn out onto SR 358. This would be handled by New Vernon Township as it is on BillyBoyd Road.

The Supervisors had a discussion about the building permit for Lakeview Self Storage, Secretary Deanna Yarnell has worked with Dan Jones of LSS on his permit and the need for a SWMP Plan and review as well as a land development plan. Mr. Jones is frustrated over the added things

required. Because of the size of the building a small SWMP is needed and an engineer is not required to do the drawings. Secretary Yarnell will work with Mr. Jones.

The electric service was discussed again as to possible solutions at the Jack Jones Memorial Baseball Complex. Chairman Elder would like a pavilion to be the next project. All agree that more grants are needed. Mrs. Yarnell will work on this for an additional grant for this year.

Bills were approved and paid.

Meeting was adjourned at 9:45 PM
